Retractable Posts - £700 per post plus installation at circa £1.5k (estimate)

Considerations:

A gate was previously installed but removed due to access requirements in relation to the Bowling Green as the future of the Green has yet to be determined consideration should be given to the progression of restricting access.

Members of the public will lose access to the park.

Will require the barrier opening and closing on a daily basis throughout the year or be permanently closed.

Access to the park is required for the bottle banks

Could hinder emergency services access.
